1. Welcome Message from the Chair, APMAA 2016 Conference

We are very pleased to host the APMAA 2016 conference, which will be held from October 4th to 7th, 2016 in Taipei, Taiwan. This conference is based on the joint collaboration between APMAA and the National Taipei University (NTPU). Conference venue is at the Sherwood Taipei. The theme of the APMAA 2016 is “The Opportunities and New Trends in Management Accounting”. Moreover, we have invited Stan Shih to be our keynote speaker in the plenary session. He is the founder and honorary chairman of Acer Group. In 2013, Acer was the fourth largest personal computer vendor in the world. In 1996, Mr. Shih was selected as one of the 25 top managers in the world by business week. As a famous CEO in the world, he could bring us a valuable seminar and give us an insight into conducting management accounting research that is relevant for practice in a new era.

In addition, we have invited Professor Liu, Shuen-Zen, the Professor of Department of Accounting at National Taiwan University to be our moderator and organize the topic and panelists for the panel session.

Please mark your calendar now. We look forward to seeing you in Taipei, Taiwan in 2016.

Hsuan-lien Chu, Ph.D.
Professor and Chair, Department of Accountancy
College of Commerce, National Taipei University

2. Message from the 2016 APMAA President

Warmest greetings to all of you!

Time has passed quickly since the last APMAA Annual Conference in Bali. The 12th APMAA Conference in Taipei, Taiwan is getting closer and I am sure that the National Taipei University or NTPU team has well prepared all for the Conference, which will be held on 4th up to 7th October 2016.

This year Conference theme is: “The Opportunities and New Trends in Management Accounting”. It is very interesting theme, and I believe that there will be many new ideas and research findings from the presentations of Doctoral Qolloquium and Parallel Sessions.

In addition, I also have a great hope that the invited keynote speaker, Mr. Stan Shih (Chairman of iD SoftCapital Group, co-founder and Chairman Emeritus of the Acer Group) will give different atmosphere to the Plenary Session and attract more participants; both educators and practitioners, to attend the Conference.

Finally, as the 2016 APMAA President, I would like to say thank you the NTPU team for their hard work and high spirits.

Best wishes from Indonesia. Hope to see you all in Taipei, Taiwan in October.

Grahita Chandrarin, Ph.D.
2016 APMAA President
Professor, University of Merdeka Malang

4. Doctoral Colloquium Call for Papers

Call for Papers: 2016 Doctoral Colloquium

The main objective of the APMAA 2016 Doctoral Colloquium is to offer an opportunity for PhD students to receive high-quality feedback from external reviewers and to directly interact with peers, exchange ideas, discuss concepts, and establish (in)formal cooperation with various research groups. Doctoral students and candidates at all stages are welcome to submit a thesis-position paper, but preference will be given to students at the earlier stages of their doctoral work. Participants will be expected to give short and formal presentations of their work during the Colloquium, to be followed by a panel-like discussion.

A Doctoral Colloquium will be held in conjunction with the APMAA 2016 Annual Conference. Doctoral students and candidates are hereby invited to present and discuss their preliminary results or work-in-progress. The discussants comprise of a group of international professors.

Doctoral students interested in participating on the doctoral colloquium should submit a single PDF file consisting of:

1. An introductory letter in which you indicate what you wish to obtain from the doctoral colloquium and what you will be bringing to the doctoral colloquium.
2. A one page research statement on the research field you will pursue. If you are at the doctoral dissertation stage, this statement should focus on the dissertation.
3. Your CV.
4. Your paper (The text should be about 4,000- 8,000 words.)

THE SUBMITTED PAPER SHOULD CLEARLY STATE:

- An overview of related work in the area of the doctoral work
- The original key idea/hypothesis of the thesis
- The problem domain and the specific problem addressed
- Methodological approach
- The expected contributions (in line with the field of study)
- Research carried out
