

## ARI RETREAT

### Bagan Lalang

A three-day high impact publication retreat was held on May 1-3, 2014 at Hotel Sri Malaysia, Bagan Lalang, Sepang, Selangor. The objective of the research was to finalise research papers for publication in high-impact journals. A total of forty (40) research papers were finalised to be submitted for publication in high-impact journals. At the same time presentation of progress research reports relating to ARI HICoE grants for phase 3 was also held to monitor the progress of the research projects. The heads of the four (4) research clusters presented new research proposals relating to new theories to be explored in the research projects for each of the four (4) research cluster.

### SAMA SAMA Hotel

A retreat to prepare and present new research proposals for ARI LRGS new path was held on 10-12 October 2014 at Sama Sama Hotel. The retreat was used as a platform to update and brief ARI members on the new HICoE funding structure for 2015 to 2017. Six (6) new research proposals based on ARI's niche area was finalised during the retreat for submission to the LRGS new path under ARI grant phase 4 projects. The retreat was also used as a platform to monitor the progress of ARI HICoE Phase 3 grant and to monitor the status of the use of the research funds.
